

IP Audio Gateway

IPN-AG-25

FEATURES

- IP Audio Gateway, up to 25 endpoints.
- Available to administer a large number of the IP Nerves system software modules & interfaces.
- Facilitates almost all core functions of the IP Nerves IP Communication System.
- Supports high definition audio.
- Fanless and low power consumption.

SPECIFICATIONS

Endpoints Supported	<25*
CPU	Intel Atom D525 1.8 GHz, 64-bit, dual core with hyper-threading
Chipset	Intel D525 + ICH8M
RAM	2 GB
Storage	64 GB
Power Input	220V AC
Power Consumption	45 W max. (23 W standby)
Operating Temperature	(0 - 50) °C
Operating Humidity	(5 - 95) % (non-condensing)
Connectors	1 x LAN (100 Mbps), AC IN (terminal block)
Compliance	CE, FCC, RoHS
Dimensions (WxHxD)	200 mm x 300 mm x 105 mm
Weight	3 kg
Environment	Indoor use only
Mounting	Wall Mount
